

SUBLIMATION CATALOGUE

How to Order

When you are ready to order some quality sublimation wear, phone or email us and we will assist in any way we can to ensure your satisfaction. First speak to your agent or our sales department who will take all your details and order info. He/she will send you pricing and confirm your delivery dates. We will be get in contact for the deposit details to confirm the order. Next you can start with the creative process. Send all your logo's and artwork requests to us and we will forward you mock ups from where you can make changes until you reach your final proof. Once you approve the design your job will be sent to the printer for layouts and printing, after which it will be pressed onto the material and then manufactured. If you need any information on your order you can contact your agent or our sales department and we will update you. When your job is done we will be in contact. For online sales please visit our retail eCommerce platform www.ArtisansMarket.co.za.

Sublimation Process

We can match any school, club or corporate colour you need via the sublimation process. Sublimation is the permanent application of ink onto material via high pressure and temperature. The design, logo's and numbers are all incorporated into the print, which creates endless possibilities. Please supply any reference (PANTONE or sample) of your colours so we can make sure the end result is to your approval. Note that colours may vary slightly due to unexpected variables.

Material Specs

The fabrics we use for all our garments are high quality, moisture management fabrics that ensure Move-ability and durability for all applications. All fabrics are locally sourced and produced. Please feel free to enquire about the different types we use and which you would prefer.

Cold Water Wash

Cool Iron Only

Dry Cleanable

Do Not Bleach

Do Not Soak

Online sales available at www.ArtisansMarket.co.za

Mockups are purely for presentation purposes. Colours and layout may vary slightly. Terms and conditions apply.

Branding Set-Up Specifications

Please ensure an electronic version (e.g. Photoshop, Corel draw / PDF / EPS / TIFF / JPEG) of the logos required are sent through with your orders. Please check the proof that will be sent to you for logo positioning and colours.

If you need a new logo designed or if we have to redraw a logo or emblem due to poor quality sample, there might be extra charges and proofs will be sent to you for approval. A clear sample or example will be needed for redraw of logo's. All corporate logos supplied as vector artwork **MUST** comply with Logo Guides:

Format

ELECTRONIC

The preferred format for logos is in vector format that is CorelDRAW or Adobe Illustrator files (or PDF / EPS if converted from original files). Otherwise a TIFF, Bitmap or JPEG with a high resolution.

HARD COPY

If there is not an electronic version of the logo available, the logo will need to be supplied as a good quality hard copy. This can be a paper copy or laser printout but a redraw charge will be added to your order.

Font

Provide font names where applicable or when sending artwork, convert all fonts to curves.

Sign-Off

Ensure that all details on proof forms are checked and approved with a signed copy or via email or Whatsapp.

Colours

Sublimated apparel allows you to use a variety of colours with no extra cost whatsoever. Here at Design Odyssey we work from your pantone references. If you do not know anything about colour, do not stress, we always have our standard colour palette ready for you to choose from.
